If work is started before permit is applied for, an additional fee will be charged.

Each applicant shall be required to fill out the application stating if there will be additional inspections and fill in accordingly. If they do not, there will be additional charges.

The fees set forth in the above schedule include all necessary inspections. If only work for which an electrical permit is required is commenced before an electrical permit is obtained, the electrical permit fee shall be \$50.00 plus the fees set forth in the above schedule. No certificate of occupancy shall be issued until all permit and inspection fees are paid in full.

HOMEOWNERS AFFIDAVIT

I hereby certify the electrical work on this permit shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the National Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility for necessary inspections.

Section 23a of the state construction code act of 1972, Act No. 230 of the Public Acts of 1972, being section 125.1523a of the Michigan Compiled Laws, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subjected to civil fines.
